A natural beauty enhancer from Head to Toe

The higher percentage of silica supports collagen production contributing to more glow and healthier skin appearance. It also improves skin elasticity, strengthens bones, increases connective tissue, helps overall joint flexibility, assists in preventing hair thinning, encourages hair growth, alleviates eczema and psoriasis, improves hair condition & luster, protects & strengthens nails.

The stems and leaves are used in the Ayurveda of medicine as a blood purifier, in leucoderma and inflammatory conditions. An infusion of the leaves is used as an eyewash. Also given internally for bronchitis, gonorrhea and fever.

The dealcoholized extract of leaves has shown antibacterial activity against Bacillus subtilis (Ehrenb.)Cohn, Micrococcus pyogenes Lehmann & Newmann var. aureus Hucker syn. Staphylococcus aureusRosenb., Aerobactoraerogenes (Kruse) Beijer., Salmonella typhi(Schroter), and S. paratyphi (Kayser) Castell.

Bamboo extract is used as astringent, acrid, sweet, cooling, expectorant, constipating, cardio-tonic, haemostatic, aphrodisiac, and diuretic. The sprouts are acrid, bitter, laxative, and useful in inflammations, ulcers, and wounds. The burnt roots are applied to the ringworm, bleeding gums, and to painful joints.

Bamboo Extract

The versatile and resilient multitasker

A natural beauty enhancer for Skin

Bamboo is full of natural silica, an essential mineral that promotes healthy skin, hair, and bone growth. In fact, it contains more than 70% silica making it the richest natural source of this mineral.

Bamboo extract might reduces the body's aging process which includes the formation of wrinkles, loose skin, and fine lines. It also contains methanol, a powerful healing agent that cleanses and promotes skin healing. Not only does it work with minor cuts or scrapes, but the beauty industry has taken this magical factor and ran with it.

It helps in the management of acne, dark spots, red spots, and inflamed skin. As a healing agent, it can reduce the size and color of dark spots by reducing melanin production.

Bamboo Extract

The versatile and resilient multitasker

Vital for Skin Restoration

Improves skin firmness – Natural silica in bamboo extract helps build collagen (that prevents skin from sagging) and maintains skin firmness

Powerful skin anti-inflammatory – Bamboo extract is the perfect pair with Activated Charcoal in our Charcoal Cleanser and Charcoal Mask to fight acne and normalize oily and combination skin!

Bamboo extract act as powerful antioxidants to fight skin-damaging free radicals generated from the environment, pollution, stress, and many other factors!

Advanced skin hydration and re-plumping – Bamboo extract and Bamboo water contain Glycosaminoglycans, known as GAGs (commonly known as Hyaluronic acid). They are very large molecules that exist naturally in the dermis of the skin and act as natural moisture agents that bind nearly 1000 times their weight in water.
